Dear Hiring Manager,

Good Morning,

I would like to throw in my hat as an applicant for the Azure DevOps Engineer or Software Developer role in your company. I have the analytical mind necessary to write code and the big-picture mentality to make it innovative and unique. I also enjoy overseeing projects, organizing people, and channeling them into areas where they can make the best use of their talents. I'm thrilled at the prospect of becoming a part of your team and placing my abilities at your service.

I began my IT career as an intern as an Azure DevOps Engineer at Kyndryl. My job entailed working with teams of developers and Operations to automate, build, Deploy, configure processes, and release management applications with varying functionalities and development using configuration management tools and CI/CD, and other tools.

I have skills in the following applications:

- Java
- Python
- Cloud - Microsoft Azure
- MYSQL, Postgresql
- HTML, CSS, JavaScript, Bootstrap5
- Android Studio
- DevOps - Linux, Git, GitHub, Chef CMS, Docker, CI/CD, Maven, Ansible
- ReactJS, UI/UX

I am honored to have to opportunity to apply my unique set of skills to value add to your organization and its clients.

Have a nice day.
Sincerely,

Rakesh Nalgonda
